videosSlideshow videos are a great way to turn boring photos into animated movies. You can even create awesome animated business videos for marketing purposes and share them on social media.Vertical videosMobile traffic is becoming more and more prevalent these days.See, mobile devices now account for more traffic than desktops.Motionden's animation creator now lets you optimize your animations for smart phones by letting you convert your videos into mobile-friendly formats.Birthday videosInstead of sending just a birthday card from your local grocery store, send a lovely happy birthday video and wish all the best to your loved ones and colleagues.Birthday videos make for great egifts, since they're easily shareable on social media, which is a great place to let your loved ones know about how much they mean to you. Creating mobile app promotional videos is a great way to drive traffic and installs to your mobile app.Stand out by incorporating animated videos to your app-store listing that'll help educate potential users. Our platform offers numerous templates for any purpose.Even if you're looking to take-on Wall Street.Mobile app promo videosLaunched the next Snapchat killer? Your audience will enjoy the trendy transitions and amazing effects we bring to the table.Video commercialsCreate breathtaking video commercials using our video maker. Motionden's animation creator will help you create stunning infographic videos within minutes.Corporate videosCreate B2B lead-generation content, employee recruitment videos, event videos and more with our DIY corporate video production toolkit.Sometimes your job will require you to create professional looking corporate videos. If you want to sell your product effectively, you'll have to start leaning on a suite of marketing tools to make an impact online. A high-quality explainer video will help you achieve the exact opposite.Drive sales and engagement through the roof with an awesome animated explainer video built using Motionden's video maker.Promotional videosThere's no better way to generate attention for a holiday sale, service promotion or upcoming event than with a well-made promotional video.If you ask us, we'll tell you that promotional videos are second-to-none in the video marketing space.See, selling is hard, but a quality promotional video will actually do most of the selling for you.Why do all the heavy lifting, when you can let Motionden video templates do it for you?Typography videosTypography videos deliver messages clearly, all while still managing to be engaging enough to keep viewers glued to the screen.With our animation creator, you'll be able to create wonderful kinetic typography videos that your audience will remember for weeks on end.Infographic videosCreating an infographic can sometimes feel harder than performing heart surgery, especially if it needs to be done in the form of a video.Stop wasting hours trying to do it with bulky animation software and focus your creative energy on other aspects of your project. All while producing results you never thought were possible.YouTube videosTrying to stand out in the ever-growing YouTube community can be as tough as winning the lottery these days.Your videos need to look tidy and professional, but still deliver unique and engaging content. Use Motionden's free online intro maker to make that happen.Social media videosSocial media is more important than ever these days.If you own a business or personal brand online, Increase the number of visitors on your social media pages by adding stylish animations that will help you separate your brand from the rest.Business videosAdd a trendy twist to your business videos and astonish your colleagues with awesome looking animations. Yes, even video marketing tools like Motionden.Great looking animated videos are second-to-none when it comes to representing you and your brand in it's best light. That being said, have a look at our selection of templates and feel free to choose one that suits you best.Video adsOld-school online advertisements methods such as banners or static pictures are slowly dying out.Video ads are the latest trend that will probably stick around for many years. That being said we understand that not every video is meant for hipsters, gamers and film-makers. Our library of professionally designed video templates has something for everyone.Whether you're looking to create animated explainer animations, promotional videos, slideshows, event videos, intros, advertisement or anything else. Don't miss this train, as it is vital if you want to deliver results. Use our animation maker and easily create video ads that people will actually enjoy to watch.Explainer videosMore often than not, there's not many better ways to explain aspects of your business than with an animated explainer video.See, trying to explain your service with long-form articles (basically large chunks of text) will only repel your visitors. You can even create high-impact mobile app promotional videos to drive traffic to the app store.Video presentationsDitch the powerpoint, and start making engaging video presentations online using our video presentation maker.Video presentations will no longer look dull if you create them with our animation creator, honestly. Everyone in the office will absolutely love your unique approach to presenting ideas and topics.Looking to generate some buzz outside of your work-group? An easy way to check all of the boxes is to add engaging, fun animations into your videos. Combine your photos with high-quality animations for a guaranteed awesome video.Use slideshow videos to impress friends and family, wish someone a birthday, celebrate an event or anything else in between!Marketing videosThese days, marketing videos are a must.
