4pic 1word daily puzzle

4 Photos 1 word is a puzzle word game that was developed Lotum GmbH, it is available as a free game and can be played on platforms, iOS and Android. 4 Photos was initially launched in 2013, but remains a popular game until today, he continued to add more levels and keeping players active and thrilled by the new levels that arise from time to time, including puzzle puzzle jRias. Please check all the levels of the game that we have to now: 4 photos 1 word Diaries answers are a set of daily puzzles that appear in the game 4 pics1Word and all of them they present a certain theme. 4 Photos 1 word B&A3 Daily answers along with the regular daily daily puzzle, we also managed to have a bonus puzzle too. A new game that our users seem to love are daily thematic crosswords, whose answers can be found in the previous link. 4 photos 1 word is a free word guivase game for your Android, iPhone or iPad or Facebook. In this game, you will be shown 4 photos on a grid, all of them share a common word. Your goal is to discover the common word of response based on length, which is given to you and a selection of possible letters. Most of the main features of the game can be played alone, but you can still, however, even play in multiplayer mode, challenging your friends to the game, since they reached at least 20.4 ask for a suggestion. If you are puzzled, you can always use some help and use the tip. Each time you use a tip however, this will cost you 60 coins, it is not cheap, so make sure you really can not find the answer. Options when you use a tip is; 5 Enter your guess. Tap each word letter to continue moving to cards to the square boxes. If you change your mind or enter a letter, you can touch again to move it on the list. When your guess properly answers the puzzle, you will receive a notification saying that you are correct and will be rewarded more 4 coins.
